

# Finance for **Non-Financial** People

will provide you with the essential financial skills for your role in local government.

Being able to clearly understand and analyse your financial performance will dramatically improve your decision-making and bolster your value within your local government.

The major areas covered in the workshop are:

- An overview of the financial requirements for local government in WA.
- A brief explanation of Integrated Planning.
- An explanation of accounting concepts and terms.
- A background to budgets.
- How to build a budget and what to watch out for.
- How to understand accounting reports and what to look for.

## Who should attend

The workshop is for people who are involved in the sector who would like to improve their knowledge of local government financial planning and reporting.
